Recovery of the past Exempted –Contribution to National Pension

You can apply for the exemption from contribution payments if you satisfy certain conditions specified by law, specifically, if you are receiving the Disability Basic Pension or the Public Assistance under the Livelihood Protection Act. You may also be exempt from contribution payments if the previous year's income of you/your spouse/your homeowner is low, and if your application for exemption is granted.

You may retroactively make payments for past contribution-exempted periods for up to the past 10 years. Please note that a specific index will be imposed on your past contribution amount when you recover the payments. That is, if you were granted the contribution exemption in a certain fiscal year (April to March) and if you wish to recover the contribution three or more fiscal years later, your old contribution amount is indexed by certain rate according to the age of the due contribution.

*Please make sure to bring your IDs such as individual number card or your Driver's license with you.
