Vaccination

After the vaccination

Monitor your health condition carefully

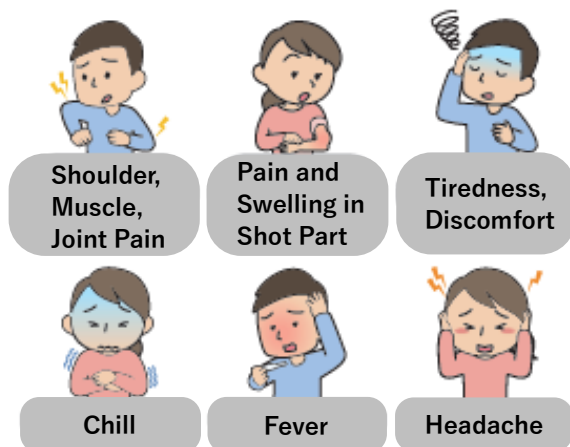

After vaccination, most people experience side reactions. The most common reaction is pain at the vaccinated part, however, there are few people who experience pain that affects their daily life.

Even if a side reaction appears, most people recover in about two to three days.

Side reactions are more likely to appear after the second vaccination than after the first one.

Don't worry too much and monitor your symptoms carefully.

Common symptoms of side reactions

Make Good Use of Over-the-Counter Pain Relievers and Fever Reducers

Consult a doctor if the symptoms do not improve in a few days.

For consultation on side effects

☎ 050-5445-2369

Daily 9:00 - 17:00

Can take a bath as usual

When washing, do not rub the vaccinated part hard.

Cannot drink alcohol

Do not drink alcohol, as it can easily cause changes in your health condition.

No heavy exercise

Stay as calm as possible to prevent an allergic reaction from occurring.

Continue to prevent infection

Vaccination does not guarantee 100% safe from infection or severe symptoms.

Please continue to prevent infection.

Wear a mask always

Disinfect frequently

Ventilate frequently

Gargle and wash hands frequently

Be Aware of Bears

Bears have been spotted within the city

Mt. Fuji, Mt. Tenshigatake and Mt. Kenashi are habitats of black bears. In the city, bears have been spotted one after another in residential areas since early May. If you see one, please let us know immediately.

Keep bears away from you

Don't leave food waste outside.

Make a sound with something.

Cut down fruit trees which are not harvested.

Check for bear sighting updates.

In case you encounter bears

- **No shouting**
- **No eye contact**
- **Never approach**
- **Don't show your back and back away quietly**

Remind yourself of the above and leave the place calmly, quietly, and slowly.

You can check bear sightings. (Japanese only)

In Our Daily Lives

Just a little bit of effort from each of us can lead to more gentle lives for others. Why don't we start with what we can do and bring it into our daily lives?

Sustainable Development Goals (SDGs)

The SDGs are goals that everyone in the world is working towards in order to continue to live on this planet.

Let's reduce food losses.

About one-third of the food produced in the world (1.3 billion tons per year) is thrown away.

Producing more than we need and continuing to throw it away is a waste of limited resources on the earth. Let's do what we can to use what we produce without wasting it and reduce the amount of food thrown away by half.

- Don't buy too much food.
- Use up all ingredients.
- Eat all your food.

Calligraphy Performance to Raise Election Awareness

"For Whom? Your vote is for yourself."

The calligraphy club of Fujinomiya Higashi High School wrote an educational slogan on a large sheet of paper to the tune of a popular cheering song, in order to make the election more familiar to young people.

The completed works will be displayed at the city hall, Kamiide branch office, Shibakawa Kaikan, and Fujine minami community center, which are the polling stations for the governor election.
