COVID-19 related information

Inquiry Welfare Planning Division (*Fukushi kikaku-ka*)
☎ 0544-22-1457 FAX 0544-22-1277

Be prepared for infections.

While the number of COVID-19 cases continues to rise to a high level, the season for seasonal influenza is spreading. When influenza and COVID-19 spread simultaneously and medical facilities are overwhelmed, you may not be able to see a doctor even if you have a fever or other symptoms.

Stockpile "Simultaneous Test Kits".

As a general rule, people infected with COVID-19 who are asymptomatic or mildly ill will be recuperated at home.

However, if you are infected with influenza, you need to see a doctor and take medication.

In case of infection with COVID-19 and influenza, you should be prepared with "Simultaneous Test Kits".

You can purchase them at pharmacies or online.

Please choose one that is labeled "第1類医薬品 (*Dai-1rui Iyakuhin*)" or "体外診断用医薬品 (*Taigai Shindanyo Iyakuhin*)".

Test kits approved as pharmaceutical products can be found on the Ministry of Health, Labor and Welfare's website.

If you use a test kit and find that you are infected...

■ Infected with both COVID-19 and influenza

→ Consult your family doctor or a medical institution.

■ Only infected with COVID-19

→ Those over 65 years old, with underlying medical conditions, or who are pregnant should consult their family doctor or the Shizuoka Prefecture Consultation Center for Fever, etc.

→ Others should recuperate at home. (If symptoms worsen, consult your family doctor or the Shizuoka Prefecture Consultation Center for Fever, etc.).

■ Only infected with influenza

→ Consult your family doctor or a medical institution.
